Dr. Hyde reported that the Chinese work had been progressing quietly, but that there had been some difficulty in obtaining the salary of the Kohala Minister. He had seen two ladies, passengers by the City of Rio de Janeiro, who were returning to China after their work in America.

Dr. Damon said the Chinese question was a most serious subject for consideration. The people did not realize that there were from 15,000 to 20,000 heathens in the Kingdom, and they must have funds to make them Christians. It could not be expected that heathens themselves would get the funds. It was a profound wonder that, instead of an occasional report of an outrage, we were not overrun with outrages. Why would not the government do a tithe, to bring Chinese women here, of what they had done for the Portuguese. The planters did not want them. He did not believe, that in ten years, any department would show such honest results, for the little money expended, as their Chinese department. It was one of the crowning works that they had prosecuted.

The Secretary read a letter from Mr. McCoy to the effect that Captain Bray had found, in Boston, a gentleman whom he considered suitable for the position of general secretary. The gentleman was assistant pastor in a Boston church and had a bible class of more than 200 people. The Secretary said that the letter had been referred to Mr. Morse, in whose hands the selection of a Secretary had been left.

Mr. Jones thought that they ought to get their members first to pledge themselves for the salary, because, if a man did not turn out to be the right man, people would not contribute.

The classes in book-keeping and Hawaiian were reported to be progressing favorably. The drawing class had to be suspended in consequence of the absence of Mr. Fumaux.

It was resolved that the furnishing committee be instructed to furnish the new room.

Dr. Damon suggested that a bookcase be procured in which to keep any books or magazines that might be given to them.

The meeting closed with prayer.
